

**POLYPIPE FEMALE ADAPTOR - 32MM TO 3/4" - NORMA**

\$6.78 inc. GST

SKU: NMB842

Categories: [Compression Air Fittings](#)

**PRODUCT DESCRIPTION**

The Norma Metric Compression Fittings Range are the ideal connection for PE metric pipe as they are UV stabilised (suitable for use in harsh sunlight), made in accordance to AS/NZS 4129 and are WaterMark approved to have a 50 year design life. The o-ring sits in a relaxed state when the fitting is not engaged to allow less friction upon insertion, this means the nuts don't need to be removed to insert the pipe. The two stage seal means the o-ring is pushed into a second stage of the body to increase seal ability.

- Pressure Rating: 1600kPa (16-63mm).
